

## Is Peruna a Laxative?

I am in receipt of a letter from a mechanic who is at the head of a prosperous household. Peruna has been used in his family for a good many years. He writes as follows:

"As you know, we have used Peruna in our home for a number of years. We find it a reliable household medicine in catarrhal conditions, coughs, colds and grip, and many other ailments to which the family is subject. But since the change in the formula of Peruna I do not find it quite as useful to myself. My bowels are naturally very active. I cannot take a cathartic of any sort. It does me injury to do so. The old Peruna contained no cathartic ingredient and was therefore a very useful medicine to me. But I notice that the new Peruna has a slight laxative action, which almost makes it prohibitory for me to use. I was wondering if there was not some way in which I could obtain the old Peruna as you used to make it."

To this letter I made the following reply: "Yes, the new Peruna does contain a laxative element. You should therefore take the old Peruna (Katar-no) which has no laxative quality. While prescribing the old Peruna I found it quite necessary frequently to prescribe the laxative Manalin in connection with it. Therefore Manalin was combined with Peruna, in order to meet those cases that require a laxative. But in case no laxative is required the objection to the new Peruna you speak of arises. Many of the people who used to take the old Peruna found difficulty in taking the new Peruna. To meet those cases I am having manufactured the old Peruna under the name of Katar-no, and if you are anxious to get the old Peruna exactly as it used to be made you can do so."

Peruna, Manalin and La-cu-pia manufactured by the Peruna Company, Columbus, Ohio. Sold at all drug stores.

**SPECIAL NOTICE.**—Many persons inquire for the Old-time Peruna. They want the Peruna that their Fathers and Mothers used to take. The old Peruna is now called Katar-no. If your druggist or dealer does not keep it for sale write the Katar-no Company, Columbus, Ohio, and they will tell you all about it.

## STATE CAPITAL NEWS-LETTER

### ANOTHER CHAPTER IN THE CONTROVERSY IN THE BOARD OF AGRICULTURE.

### MISS BRYLEE HOLDS PLACE

Employee Dismissed and Warrants Approved Behind Closed Doors.—Probe by College Committee Ordered.

With the plain intention of preventing trouble between Otto G. Brylee and the Brewer and Elliott faction of the state board of agriculture, the board held the fifth and concluding session of a strenuous three-day meeting behind closed doors, and disposed finally of the affairs that have kept the members on the qui vive ever since the anti-Brewer and Elliott meeting here the middle of October.

The six-member brigade carried the day in the executive session; decapitated six or seven important departmental employees; accepted the resignation of J. W. L. Corley, member from Le Flore county, and forced the approval of Miss Dora Brylee's salary warrants up to the present time at least. The Brylee matter did not end, however. Matters derogatory to Miss Brylee and in defense of O. A. Brewer were presented to the president of the board, G. T. Bryan, and by him turned over unread to the five members of the college committee, and the latter ordered to investigate and report back at the earliest possible date. The instructions to the college committee cover not only an investigation of Miss Brylee's charges against Brewer but of Brewer's charges against Miss Brylee also. In the meantime Miss Brylee is to hold her place in the Warner school.

The departmental heads that were dismissed are as follows: A. F. Howe, state dairy commissioner; R. D. McManus, state dairy commissioner; O. G. Harper and D. S. Woodson, inspectors in the farm demonstration division, and C. V. Faulkner, superintendent of the Warner school.

J. S. Esslinger was made head of the farm demonstration department vice Marie Woodson, promoted to the superintendency of the Helena school. H. L. Jackson was given Faulkner's place as the head of the Warner school. Dr. Emery of the state board of health took Howe's place as state dairy commissioner.

The college committee, which consists of members Haymes, Hinds, Griffin, Vincent and Wilson, left for Stillwater to begin their work, which is to investigate the books and records of the department and the A. and M. college and to sift the Brylee matter to the bottom. When they have made a finding, they will report to President Bryan, and he will at once call another session of the board.

It is not known when this meeting will be called, as the committee cannot tell how long their investigation will take.

### Train Success Assured.

The success of the Oklahoma inaugural train is assured beyond all expectations. Secretary E. B. Howard of the state board of affairs, who has been making a tour of the state institutions, says that everywhere he went he found numbers anxious to make up the party of Oklahoma boosters and was often asked as to reservations.

### Electric Company Appeals.

The Muskogee electric light imbroglio reached the supreme court in an appeal from an injunction issued from the district court against the proposed franchise of the Muskogee Gas and Electric company.

In addition to Mr. Boardman and his own family, the transfer will bring to this city Isaac D. Taylor, W. B. Herod and George F. Zimmerman, the three assistants; Miss Clara S. Faskon, chief clerk; Miss Josephine Pratt, assistant clerk, and Russell Ballard, messenger.

The first election was declared void by the supreme court.

The inspectors named are as follows: A. V. Skelton, B. F. Harmon, O. C. Gaston, R. A. Rye, W. M. Davis, J. R. Autrey, H. H. Mosier, T. H. Bridges, E. J. Taylor and J. E. Dodson, all of Okemah, Okfuskee county.

### Bagging and Tie Rates Taken Up.

A hearing in connection with the complaint filed nearly a year ago by the Oklahoma corporation commission against railroad rates on bagging and ties from the points of Galveston, New Orleans and St. Louis was conducted in the Chamber of Commerce assembly hall. The commission was represented by Commissioner G. A. Henshaw and Rate Expert C. B. Bee, the principal witness of the day being J. M. Aydelotte, who is traffic manager of the Cotton Seed Crushers' association. His testimony was added to by Messrs. Bee and Miller before being forwarded to the interstate commerce commission in Washington, a decision being anticipated within sixty days.

Examiner Settle of the interstate commerce commission was in charge and C. B. Bee served in a legal capacity for the complainant. Representatives from four local railroads were in attendance and W. V. Hardie was present in behalf of the Oklahoma Traffic association and F. B. Miller for the State Millers' association.

### Banks Have Plenty of Money.

A good line upon the financial condition of the state may be obtained from the office of State Treasurer Dunlop, through the requests of banks for deposits of state funds. When there are many applications on hand for the treasury deposits, then it rather indicates, says Treasurer Dunlop, that the banks are wanting cash, and that consequently money is tight.

When the applications for deposits are scarce, then the indication is that the banks have plenty of money on hand, and as a collateral proposition, that loans are being paid off and indebtedness generally reduced.

This is the condition at the present time says the state treasurer. There has never been a time in the history of the state treasury when banks were less eager for state deposits than now; the falling off of the demand in a month has been 75 per cent. This indicates prosperous local conditions, and lots of money coming into the state.

### Westfall Receives Pardon.

F. S. Westfall Sapulpa banker, serving a year and a day sentence in the penitentiary at McAlester for making a false bank report as to the condition of the Creek Bank and Trust company of Sapulpa, will be released November 23 on an expiration pardon which was signed by Governor Cruce. The failure of the Creek Bank and Trust company occurred about two years ago, and the conviction of its president is one of the few cases when a bank official went to the penitentiary.

### Bond Issue Declared Legal.

By a vote of three to two the special supreme court, appointed by Governor Lee Cruce, decided that the state of Oklahoma could legally issue bonds to the amount of two and a half million dollars for the purpose of taking up warrants which were legally issued, reversing Judge W. R. Taylor of the district court of Oklahoma county, who held that the bonds could not be legally issued.

When the matter was appealed to the supreme court it was discovered that Chief Justice Turner and Justices Williams, Hayes and Kane held some of the warrants sought to be funded, and they accordingly disqualified themselves. Governor Cruce then appointed Supreme Court Commissioners M. E. Rosser, J. B. Harrison and P. D. Brewer and Judge J. D. Carmichael of Chickasha to sit with Justice Jesse Dunn as a special supreme court. The opinion was written by Judge Brewer. Justices Dunn and Rogers concurring, while Justices Carmichael and Harrison dissented.

The warrants in question are held by a large number of people.

## BULGARIAN TERMS DON'T SUIT TURKS

### EVACUATION OF THREE STRONG HOLDS PART OF THE PEACE DEMANDS.

### CHOLERA EPIDEMIC FEARED

Rumor Places Victorious Allies With In Twenty-one Miles of Constantinople—Bulgarian Loses Very Heavy.

London.—Turkey has now formally appealed to Bulgaria for peace, thus forestalling the tardy action of the European court toward mediation. No armistice has yet been concluded; difficulties have arisen about the terms. It is said that Bulgaria demands the evacuation of Adrianople, Scutari and Monastir as a condition of agreeing to an armistice. Negotiations, however, continue.

The censorship is again exceedingly severe and it is difficult to arrive at any correct idea of the military position. The fall of Adrianople is rumored from both Serbian and Turkish sources, but this is still unconfirmed.

Another report says the Bulgarians have occupied Hademkoul, twenty-one miles from Constantinople. If this is true it is a very important capture, as that town is Nazim Pasha's staff headquarters.

With regard to other points, an improvement in the weather has permitted the resumption of the Montenegrin attacks against the Turkish positions around Scutari with some success. A battle is imminent at Monastir, where the garrison has endeavored to make terms for its surrender, but imposed conditions which the Serbian crown prince was unable to grant.

Should an attack on Monastir be made, the Turks are not expected to offer serious resistance to the combined Serbian and Greek armies, and its fate is likely to be the same as Saloniki's. The Greeks continue their march toward Janina. They have now taken Votsovo, a few miles to the northeast.

A report through Bucharest places the Bulgarian losses in the war at a far greater figure than has yet been estimated. According to this report the killed and wounded number between sixty and eighty thousand out of a total of 300,000 men and it is pointed out, after allowance is made for holding the line of communication only 120,000 effective men are left for fighting.

One reason given for the Bulgarian consent to an armistice, and to a peace settlement, is fear of cholera. Official reports issued at Constantinople represent that comparatively few cases are occurring daily, but other reports say the epidemic is serious with a high mortality.

There is no development in the diplomatic situation but an official denial has been issued at St. Petersburg to representatives that the Russian government has pronounced itself definitely in favor of Serbia's demands for an Adriatic port, or has sent instructions to the Russian ambassador at Vienna to that effect.

### Girls Body Found in Bathtub

Boston.—The body of Miss Marjorie G. Powers found lying face down in a partly filled bathtub in a west end hotel. The girl went to the hotel Wednesday afternoon with a man who signed the names of "Mr. and Mrs. Davis." The man left later. The police took into custody on suspicion her employer, Arthur T. Cummings. He was detained at police headquarters though not under arrest. Mr. Cummings is the head of a produce concern bearing his name and lives in Winthrop. He is 53 years old and married.

### Los Angeles Dynamiting Described

Indianapolis.—For the first time since the twenty-one persons were killed in the blowing up of the Los Angeles Times building on October 1, 1910, James B. McNamara's detailed confession to having caused the explosion was related on the stand in the "dynamite conspiracy" trial here. Orrie E. McManigal testified the confession was given to him while he was hiding McNamara in the woods five miles from Hanover, Wis., whether they had gone on the pretext of being hunters.

### Turks Suffer Most.

Athens.—It is announced that 35,000 Turks were engaged in the battle against the Greeks at Yenidje. They had forty-two heavy guns. The Turkish losses numbered 2,000 killed, five hundred made prisoners and twenty-two guns captured. The Greek losses were five hundred killed and wounded including fifteen officers.

### BREAKING OUT WOULD ITCH AND BURN

Bellton, Ga.—"Some time ago my feet and ears were frost bitten, which troubled me very much every winter. My ears would turn red and swell, with terrible itching and my heel would crack. I had a severe scalp trouble and also a breaking out on my wrists and hands which would itch and burn until I could not sleep at nights. There was an eruption on my scalp with dandruff. I had to keep my hair clipped close to keep down the irritation and itching. I tried several remedies and cream and two treatments of — remedies which did me no good. Then I used Cuticura Soap and Ointment and I am now cured of all my troubles." (Signed) J. S. Echols, Mar. 12, 1912.
